and Tarnów Tourism Organisation

The Tarnów Tourism Organisation has been promoting local products for more than ten years. It was we who created the new Foothills brand – enoTARNOWSKIE, which in 2019 became one of the ten “Best Tourist Products” of the Polish Tourism Organisation, and in 2022 it was awarded the title “Polish Tourist Brands”.

The Polish Tourist Brands project was developed by the Ministry of Sport and Tourism in cooperation with the Polish Tourism Organisation and involves the creation of packages of tourism products forming a single, coherent whole promoted as a tourism brand. Currently, there are nine Polish Tourist Brands in Poland, including enoTARNOWSKIE!

The area of operations of the Tarnów Tourism Organisation, the manager of the enoTARNOWSKIE brand, includes the area of eastern Małopolska – the districts of Dąbrowa Tarnowska, Tarnów, Brzesko and the city of Tarnów. The area is well-communicated, with the A4 motorway running through it from Silesia via Kraków to Rzeszów and on towards Ukraine, a railway line providing direct connections to Kraków, Wrocław, Poznań, Warszawa, Trójmiasto (the Tricity), as well as Berlin, Vienna or Prague. Less than an hour’s drive away are the two international airports Kraków Airport in Balice and Rzeszów-Jasionka Airport.

It is also one of the best-looking places/areas in the Małopolska region in terms of cycling infrastructure. The main cycling route

is the still-developed EnoVelo trail running through the area of Tarnów and Brzesko districts and connecting the main cultural and natural attractions of the region with vineyards spread on the sunny hills of the Wiśnicz, Rożnów and Ciężkowice Foothills. EnoVelo is well correlated with the Małopolska sections of international cycle routes: VeloDunajec (one of the most picturesque routes in Poland), the Vistula Cycle Route (leading along the Vistula River), VeloMetropolis/EuroVelo 4 (connecting Tarnów, Kraków and Oświęcim), VeloNatura/EuroVelo 11 (with it you will reach Czchów, Zakliczyn, Zgłobice, Szczepanów and Dąbrówka). All trails are provided with infrastructure, primarily MORs, i.e. stopping points where one can rest, take shelter from the rain and make minor repairs.

## Encounters with culture

**Although it is generally accepted that Kraków is the cultural centre of the Małopolska region, Tarnów and its surroundings also have much to offer in this area. Throughout the year, the Tarnów region hosts many concerts, competitions and festivals, which in terms of their level, variety and attractiveness are not inferior to events held in larger centres. What does the Tarnów area offer to tourists in the area of culture?**

Undoubtedly many musical experiences. Over the years, Tarnów and its surroundings have produced a considerable number of interesting events, which appeal to fans of various sounds: from folk to modern, from classical to avant-garde. Over this time, the events have managed to gain recognition and make a strong name for themselves, thanks to which some of the biggest names in the music world now also take part in them.

### **TO THE RHYTHM OF JAZZ, BLUES AND CLASSICAL MUSIC**

Jazz fans can look forward to the Baszta Jazz Festival organised in Czchów and a series of concerts of the traditional genre JAZZowy Rynek – Jazz na Starówce held in Tarnów. The city also regularly plays host to the blues during the "Był sobie blues" Summer Meetings with the Blues series, as well as to

classical music, thanks to the International Festival of Rediscovered Music, which brings lost works by Polish and foreign composers back to concert life. The International Piano Festival, the Ambassador of Tarnów, Maestro Krystian Tkaczewski and His Guests, has also established a strong position for itself.

Classics can also be heard outside Tarnów. Every year in the summer, chamber music concerts are held in various places in the region as part of the EMANATIONS Festival, organised by Krzysztof Penderecki's European Music Centre. Another important musical centre in the region is Kąsna Dolna, which hosts the Bravo Maestro Chamber Music Festival presenting unique interpretations of the most outstanding works of classical music and the Talent Week Festival. In the latter event, the most talented students of music schools in Poland compete for attractive prizes.

## REACHING BACK TO THE ROOTS OF THE TARNÓW REGION

However, the Tarnów region is not only about musical events. The calendar of events promoting the cultural heritage and history of this part of Małopolska is equally interesting. It is certainly worth visiting Ryglice, which hosts two interesting events of this type: the Pogórze Cultural Festival – an event dedicated to folk artists, bands and ritual groups, which focuses on fidelity to local traditions and customs. The second event, the Sobótkowe Festival of Youth, on the other hand, combines folk traditions associated with Midsummer Night rituals with contemporary times. The Easter Palm Competition, organised for over 60 years in Lipnica Wielka, also goes back to the region's roots. The parade of richly decorated palms, followed by the competition itself, is an extremely colourful spectacle that at-

tracts crowds of tourists to the village every year. Tarnów, on the other hand, hosts the Koraloobranie festival. Its name refers to the creation of characteristic sloe beads, which are a trademark of the Tarnów area. During the event, visitors can make their own necklaces, as well as take part in competitions and lectures on ecology. A slightly different perspective on history is provided by the International Tournament of Knights “For the Golden Braid of Tarłówna” held in Dębno. The event with the participation of knightly brotherhoods from Poland and abroad, competing in duels and archery tournaments, is an interesting journey into the past, especially as the event programme also includes demonstrations of knightly customs, dances, games and music. All this in a historical entourage and to the sound of old music.

## FOR CINEMA AND THEATRE FANS

The memory of a slightly closer time is cultivated by the “Galicianer Sztetl. Days of Remembrance of Galician Jews’ – a series of events and cultural actions carried out in various corners of the region, which are intended to familiarise residents and tourists with the history of Polish-Jewish relations in Galicia. In Bobowa, for example, actors reconstruct the wedding of the daughter of the tzaddik Ben Cion Halbersztam; klezmer music concerts are held in the synagogue in Dąbrowa Tarnowska; Tarnów organises walks in the footsteps of the Tarnów ghetto, concerts at the Bima and exhibitions in the Old Synagogue Square. The cultural offer of the region is supplemented by: Tarnów Film Award – Festival of Selected Polish Full-length Films, which popularises the achievements of Polish cinema-

tography by presenting the most valuable pictures and organising meetings with the creators of Polish cinema, and the All-Poland Comedy Festival TALIA – a competition for the best theatrical comedy, accompanied by exhibitions, concerts and cabaret reviews. In Brzesko, the Brzesko Okocim Festival is organised, during which popular performers can be heard during the city days. The event is accompanied by many attractions, games and competitions for children, young people and adults.

## ABOUT CULTURE OVER WINE

As befits a wine region, there is no shortage of events combining culture and cuisine in the broadest sense. At the end of spring and the beginning of summer, Tarnów hosts “Zdearzenia” including concerts, plays, competitions and exhibitions, film screenings and the Galician Fair, where local delicacies and handicrafts can be purchased. In the summer months, selected vineyards of the Tarnów area invite to concerts combined with tastings, e.g. the Janowice vineyard organises the Vitis Music Sfera Festival with concerts of classical and jazz music. The calendar of events on the enotarnowskie.pl website, also on the enoTARNOWSKIE Facebook profile, publishes detailed information on this and other events planned in the vineyards on an ongoing basis. In the summer, the manor-park complex in Brno hosts the Night of Butterflies. In the garden, which is part of the Lesser Poland Garden Route, there are walks crowned with concerts as well as tastings and culinary demonstrations in which local products play leading roles.

Family bicycle rally "Małopolska Tour"

## Sports events

**Tarnów and its surroundings are not only beautiful landscapes or a rich culinary heritage, they also offer excellent conditions for sports. Suffice it to mention that Tarnów is successfully represented on professional arenas by volleyball players from Roleski Grupa Azoty AT Tarnów and speedway riders from Unia Tarnów. Thanks to climbers from AZS AT, the city is also an important sports climbing centre.**

The Tarnów region is not short of amateur athletes who, thanks to the commitment of local authorities and associations, can develop their skills in more or less well-known sports. This is the case with cycling, among others. There are 25 cycling routes in the region with a length of over 630 km. The choice is great for cycling, whether alone or in a larger group. The Sokół Tarnów Sports Association, which

organises cycling rallies throughout the year, invites you to join them. In the summer, the authorities of the Malopolska Region organise a cycle tour under the name Małopolska Tour, in which whole families can take part. For those who prefer hiking, numerous hiking trails have been marked out. These can be explored, among others, during rallies organised by PTTK Tarnów. There is also no shortage of places

for joggers. In Tarnów, jogging can be done in city parks, at athletics stadiums and in the most popular "Marcinka" Running Park. The karting community is also thriving here. Lovers of this discipline compete in the professional Tarnów Karting League.

### SOMETHING FOR FANS

Those who prefer to cheer can follow the struggles of athletes at sporting events. The Tarnów Climbing Centre regularly hosts sports climbing competitions of championship rank, at the national and European level. In the summer, a Beach Volleyball Tournament is organised in Zgłobice, in which athletes representing the uniformed services compete, and for Arabian horse lovers, an All-Polish Arabian Horse Championship show is held at the stud in Klikowa.

# Walks in Tarnów and the region

**Are you in the Tarnów region for the first time? Or maybe you have been here before, but a long time ago, and now you want to refresh your memory on the tourist attractions of this area? If you have answered yes to any of the above questions, it means that you need a guide who will familiarise you with the most interesting places in the region. In the summer months, you can take advantage of the “Tarnów and Region Walks” prepared by the Tarnów Tourism Organisation together with the Tarnów Information Centre.**

This is a series of free tours of the region carried out for individual tourists by professional guides. The walks take place on selected days of the week at fixed times. In 2023, electric cars were introduced on some of the routes, thanks to which the tours take place in comfort, and allow access from Tarnów to the surrounding vineyards.

Which specific places in the Tarnów region are on the walking routes? Tarnów itself, of course. Due to the multitude of monuments, attractions and places worth seeing, the city can be explored along a number of thematic routes. Tarnów walking tours include above all the oldest part of the city: the Old Town with its preserved fragments of city

walls and Renaissance architecture, as well as the Art Nouveau buildings of the city. A separate guided tour includes the Gothic Cathedral Basilica of the Nativity of the Blessed Virgin Mary.

## HISTORY OF THE PAINTED VILLAGE

Thanks to the walks, you will also reach Zalipie. This place has become known as the most colourful village in Poland. All thanks to the local housewives who, back in the 19th century, under the leadership of Felicja Curyłowa, began decorating their cottages with floral patterns. The buildings and their interiors – also richly decorated – delight the eyes of tourists to this day. A museum has been set up in Mrs Curyłowa’s home, where you can find out what prompted the women to decorate their cottages, and buy a souvenir – handicrafts made by local artists.

A walk through Skamieniałe Miasto in Ciężkowice

## ATTRACTIONS OF THE CIĘŻKOWICE FOOTHILLS

A completely different attraction awaits you during a walk: to the Skamieniałe Miasto (Petrified City) in Ciężkowice. It is a reserve of inanimate nature located on the river Biała. The place is worth a visit because of the unusual rock formations. In the reserve you will “meet” maces, mushrooms and pulpits, between which smaller platforms, slabs and rocks grow. Quite a few legends have been written about the Petrified City and its individual buildings. A walk is a good opportunity to get to know at least some of them.

Also on the Ciężkowice Foothills is Ryglisce, known for hosting events promoting local cuisine. During walks you will get to know the history of this small centre, which, as it turns out, is long and intricate. Today, monuments remind us of past events: an 18th-century palace and park complex, a granary, and a World

War I cemetery. Also noteworthy is a fountain with a statue of the Pogórze Penelope (the so-called mother-in-law statue) and... the Szwedka stream, whose name commemorates the victorious battle against the Swedes fought here in the 17th century.

## IN THE LAND OF PLUMS AND VINES

Czychów, which is another town where the walks take place, lies on the Dunajec River. Its long history is evidenced by its characteristic urban layout and selected monuments – the parish church of the Nativity of the Blessed Virgin Mary and, above all, the ruins of the 13th-century royal castle on Baszta Hill. It is the story of this castle that the guide focuses on during the tour of the area.

Not far from Czychów is Iwkowa. Situated picturesquely in a valley along the Bela and Białka rivers, it has become famous

for the production of fruit preserves based on dried plums, the so-called Iwkowska susorka. It is in its honour that the Dried Plum Festival is organised every year, which attracts crowds of gourmets to the town. The chapel of St. Urban and the Church of the Visitation of the Blessed Virgin Mary with its stained-glass windows of the Madonna and Child are definitely worth a visit in Iwkowa.

With a guide you can also reach Tuchow, which is famous for the TUCHOVINIFEST International Wine Festival promoting local wines and their producers. The town is also a pilgrimage destination, or rather the Basilica of the Visitation of the Blessed Virgin Mary and St Stanislaus the Bishop and Martyr. Next to it are the buildings of the Redemptorist congregation taking care of the shrine with an interesting Mission Museum.
